UNIVERSITY OF SCIENCE AND TECHNOLOGY

Date: 28 January 2020

Subject : Reference letter for Targi w Krakowie the organiser of the International Conference of Coal Science & Technology held on 24-28 of Nov. 2019 in Krakow

As a co-chairman of the Conference I have a pleasure to fully recommend the company as the competent, professional and creative institution having a good expertise as the organiser of the conference events.

ICCS&T2019 which is held every second year in different city of the world gathered in Krakow over 140 participants from 17 countries . The Conference covered many modern topics of coal science and required high level organisation skills . Targi has fulfilled all the duties concerning conference services, management, catering, lodging and social events.

My credentials to write this letter are as follow.

My University the AGH University of Science and Technolog is ranked as number one or two among Polish technical universities having a long lasting tradition and experience of international research in the field of engineering, environmental and life sciences

I am a profesor of chemistry involved in teaching and research as a Head of the Department of Coal Chemistry and Environmental Sciences at the AGH UST, Faculty of Energy and Fuels. Among my other duties I am also a member of the Committee of Analytical Chemistry of the Polish Academy of Sciences.

I am strongly convinced that Targi w Krakowie represents high standards of services matching demanding international standards.

Prof. Janusz Gołaś
